Attitudes to the
childhood vaccination
programme in parents

Press and media interest in COVID-19 vaccination **did not change how most parents feel about vaccines**

What proportion of parents
felt that press and media
interest in COVID-19
vaccination did not
change their opinions
on each topic:

76%
vaccines in general

75%
how much they
trust vaccines

72%
the safety of vaccines

68%
how well
vaccines work

The data is taken from the Attitudes to the childhood vaccination programme in parents of babies and children under 5 years of age survey undertaken in 2022. UKHSA Immunisation and vaccine preventable diseases Division. UKHSA gateway number: 2022652
