

UK Health  
Security  
Agency

# Have you had your MenB vaccines to protect you against gonorrhoea?

Speak to your health advisor at your  
sexual health clinic to see if you are eligible.

You will need 2 doses at least 4 weeks  
apart for the best protection.

Ask your health  
professional for a  
copy of the leaflet  
or **use this QR  
code to read it.**
