

Coronavirus vaccine (jab) consent form for adults

Coronavirus is an illness that lots of people are catching at the moment. Most people won't get very poorly from coronavirus but some people have to go to hospital and some people might die from it.

One way to help you stay safe is to get a coronavirus vaccine. The coronavirus vaccine is a medicine that will mean you shouldn't get as poorly if you get coronavirus as if you hadn't had the vaccine.

It will take a few weeks for the vaccine to start working.

There is a small chance that you can still catch coronavirus if you have had the vaccine.

If you are pregnant or might get pregnant, or if you are breastfeeding, it's really important that you read all the information about the vaccine.

If you are not sure if it is safe to get the vaccine, talk to your doctor or nurse or someone else you trust.

You can't catch coronavirus from having the vaccine.

You need to get two lots of the vaccine to make sure it works as well as possible.

After your vaccine your arm might be a bit sore for a short time. You might also feel tired or have a headache. This is called having side effects.

You can take painkillers like paracetamol for this.

After you've had the vaccine you should carry on following the government's coronavirus rules to keep everyone safe, even after you've had the coronavirus vaccine. This includes social distancing, wearing a face covering and washing your hands carefully and often.

About you

Full name (first name and surname):

Home address:

NHS number (if you know it):

1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25 26 27 28 29 30 31 32 33 34 35 36 37 38 39 40 41 42 43 44 45 46 47 48 49 50 51 52 53 54 55 56 57 58 59 60 61 62 63 64 65 66 67 68 69 70 71 72 73 74 75 76 77 78 79 80 81 82 83 84 85 86 87 88 89 90 91 92 93 94 95 96 97 98 99 100

Care home address (if you live in a care home):

Doctor/GP name and address:
