If you could get  
**pregnant,**  
act now to protect against  
**rubella**

**Catching rubella (also known as German Measles) during pregnancy can very seriously harm your unborn baby.**

2 doses of MMR vaccine can protect you against rubella for life. Make sure you are fully vaccinated before you get pregnant.

Speak to your GP practice to check that you are protected against rubella.

The best way to protect the health of you and your baby
